

SERVICE VACUUM CLEANERS

Atrix VACOMEGAS, VACOMEGASCT & VACOMEGAS220

THREE FILTRATION OPTIONS

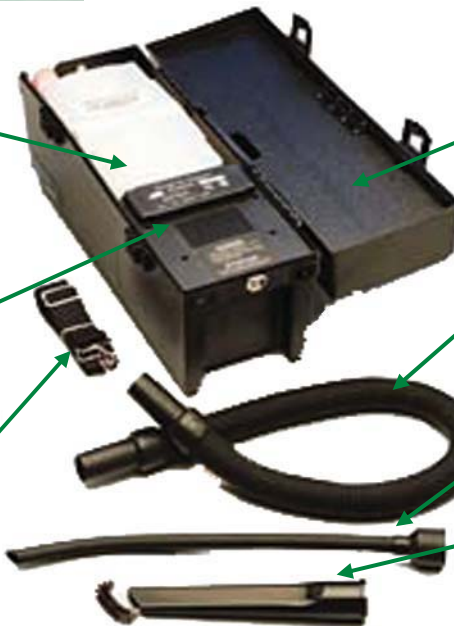

STANDARD FILTER WITH A 0.3 MICRON RETENTION - Ideal for soot, pollen, black toner & most color toner.

HEPA FILTER WITH 99.97% EFFICIENCY AT 0.3 MICRON – Uses include very fine dust, color toner, fumes & other ultra fine particulate.

ULPA FILTER WITH 99.999% EFFICIENCY AT 0.12 MICRON. Uses in medical, manufacturing & other processes to extract ultra fine particulate.

ESD Safe – Conductive construction provides maximum static protection to safeguard the operator and sensitive electronic components.

Shoulder Strap – For portability!

Self-storage compartment - All accessories store conveniently under the plastic cover insert.

Toner-Proof 6' hose - Provides continual operation with no clogging. Crush proof.

A Flexible 16" Goose-Neck - To get to those hard -to-reach places!

Crevice Tool & Crevice Tool Brush - To loosen dust and particles in tight areas.

The Omega Vac Supreme features a quiet flow-through motor and sound baffles to make it the quietest toner vacuum on the market today. It's made from a durable, high-impact Diamond ABS Polymer for more durability and longer life. It comes complete with all accessories listed above, which are statically conductive for maximum static protection, and a shoulder strap. It also features over-heat protection and field replaceable latches.
